◆ **PROFESSIONAL SUMMARY**

With over seven years of experience in advanced web development and three years specializing in React.js, Redux, Next.js, Strapi.js, Gatsby, ES6, and TypeScript, I bring comprehensive expertise in both user experience design and web development. I am dedicated to continuous skill enhancement, adept at solving complex technical challenges, and committed to staying at the forefront of emerging technologies. My proficiency includes developing high-performance, user-focused websites and applications, with a strong emphasis on UI design, rigorous testing, and effective debugging. I strive to deliver seamless and intuitive user experiences by leveraging cutting-edge tools and frameworks to create innovative digital solutions.

◆ **TECHNICAL SKILLS**

Frontend: React.js, Next.js, Gatsby.js, Redux, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Material UI, Storybook

Backend & CMS: Strapi.js (v3 & v4), REST API, GraphQL

Tools & Platforms: Git, GitHub Desktop, Jira, AJAX, Chart.js, Web Push Notifications, Next PWA

◆ **PROFESSIONAL EXPERIENCE**

Senior Software Engineer – UI

Ewings LLC, Dubai — Aug 2024 – Present

- Built multilingual, responsive B2C Application using Next.js 14, React.js 18, Redux, Tailwind, Strapi.js V4.
- Migrated the web application from Next.js 14 to 15, React.js 18 to 19 and migrated other dependents packages successfully

- Integrated Next PWA into our application
- Implemented Web Push Notifications for enhanced user engagement.
- Developed reusable components in Strapi.js V4 with i18n support.
- Optimized Next.js pages for improved performance and SEO.
- Led code reviews, pull requests, and mentored developers on best practices.
- Integrated REST and GraphQL APIs to enable dynamic data rendering.

Tech Stack: **Next.js 14, React.js, Strapi V4, Redux, Tailwind, GraphQL, REST, SCSS, Web Push Notifications, Next PWA**

Senior Frontend Engineer

Musafir.com, Dubai — Oct 2022 – Present

- Learned Strapi.js and successfully migrated the system from version 3.0 to 4.9 independently.
- Created multiple new and reusable components in Strapi V4 with multilingual support (i18n).
- Built a new B2C Single Page Application with responsive design using Next.js, Material UI, React.js, and SCSS, with content managed via Strapi.
- Used GraphQL to efficiently fetch dynamic content from Strapi.
- Optimized performance of both React and Next.js pages.
- Migrated Storybook from version 6 to 7.
- Created custom widgets in Storybook (React) for Flights, Visas, and Hotel Booking.
- Proficient in handling forms using React Hook Forms.
- Delivered pixel-perfect, responsive pages using React.js, Material UI, SCSS, and Redux.
- Contributed to enhancements and bug fixes for existing B2B and B2C applications.
- Consumed REST APIs to dynamically populate React components.
- Actively participated in code reviews, PR merges, and mentored team members on best practices.

Tech Stack: **React.js, Next.js, Strapi.js, Redux, Material UI, Storybook, REST, GraphQL, HTML, CSS, SCSS, jQuery**

Frontend Developer

Altaligence, Dubai — Mar 2021 – Mar 2022

- Created SPAs from scratch using React.js, Material UI, and Redux.
- Built and styled responsive components and forms using HTML, CSS, and AJAX.
- Integrated REST APIs for dynamic content.
- Participated in regular sprint planning and Agile standups.

Tech Stack: **React.js, Material UI, REST, HTML, CSS, jQuery, AJAX**

Senior Software Engineer – UI

I-exceed Technologies, Bangalore — Dec 2019 – Nov 2020

- Developed banking web solutions using internal APPZILLON framework.
- Converted PSDs to responsive HTML pages.
- Maintained feature development and bug fixes for cross-browser compatibility.
- Worked in an Agile environment to meet project deadlines.
- Participated in mobile and iPad bug fixing and testing.

Tech Stack: **HTML, CSS, Bootstrap, jQuery, APPZILLON**

UI Developer

GainInsights Solutions Pvt Ltd, Bangalore — Jul 2018 – Nov 2019

- Created SPAs using React.js, Material UI, Redux, HTML, CSS.
- Delivered full eCommerce site with responsive views and Stripe integration.
- Designed and developed admin dashboards for product inventory and sales tracking.
- Supported multilingual and cross-browser web compatibility.
- Optimized React and Next.js pages for performance.
- Migrated Storybook to version 7; built widgets for travel booking flows.
- Used REST APIs for content population and integrated forms using React Hook Forms.
- Involved in bug fixing, feature enhancement, and Agile tracking via Jira.

Software Engineer

CreativeK Technologies, Bangalore — Oct 2015 – Jul 2018

Tech Stack: HTML, CSS, jQuery, AJAX, WordPress, Meteor.js, JavaScript, Chart.js, REST API

- Developed SPAs and dashboards using Meteor.js and Chart.js.
- Built a custom chatbot to track product sales.
- Delivered pixel-perfect, responsive, multi-language websites.
- Performed bug fixing, deployment, and cross-browser optimization.
- Converted PSDs to responsive HTML/CSS and used FTP for deployment.
